**Testimonial:**

*After interviewing many contractors I selected R&D for our renovation. When the job started, I realized I had selected a contractor that does work as if he is doing it for himself. Since being on the jobsite daily, the pride in their work and professionalism were evident. If you are looking for a reliable, efficient and professional contractor that knows the business, R&D Builders & Renovators is the one. I would highly recommend R&D.*

## ABOUT US:

### R&D BUILDERS &

**RENOVATORS, INC.** Is a Certified Building – Roofing and Pool Contractor that specializes in residential and commercial construction in since 2006.

We are a local family operated small business with strong ties to our community. As a small business we are able to deliver the highest quality work at a reasonable cost to all of our customers. R&D Builders & Renovators, Inc. main goal is to provide our customers with exceptional customer service. We are a full service company that provides all phases of construction to meet our customer's needs. We are certified, licensed and insured. We have the staff and experience to provide quality completed projects of any size that range from commercial tenant build outs to large residential projects, to individual custom homes and remodels. Our Roofing Division specializes in the residential re-roofing field. On the commercial side we offer Conklin Roofing Products and Roof Coating Systems.

**386.747.9460**

We offer a full line of construction services, specializing in Residential Remodeling, Room Additions, Kitchen Remodels, Bathroom Remodels, Roofing from New Installs to Re-roofs & Repairs, New replacement Windows and Concrete or Fiberglass pools.

We offer a Free in House Consultation and estimate to find out what R&D Builders & Renovators, Inc. can offer you. We look forward to establishing a relationship with you for your current and upcoming remodeling and new construction projects.

Although we specialize in Residential Remodeling we offer much more in the new construction line of work as a custom builder. Please browse our website at [www.rdbrenovators.com](http://www.rdbrenovators.com) for more information.
